

Thank you for choosing **IdenTrust** as your TrustID Certificate vendor!

The forms packet for the TrustID Business certificate is used to gather ID-specific details, necessary for the processing and ultimate approval of your certificate request. It is also used to obtain approval from your company to receive the certificate.

These details are recorded on the Part 1 and Part 2 forms. You were provided a forms packet at the end of the online registration. If you no longer have it, you can find a blank copy here:

https://www.identrust.com/pdf/bus_authorization_agreement.pdf

To avoid processing delays, here are a few helpful tips for you when filling out the forms.

The Terms and Conditions section requires your signature, your written name, and the email address you listed during your online registration.

If your ID does not list one of the required fields, please send a photocopy of the ID with your forms.

The last section of the Part 2 form is the Notarial Acknowledgement. The notary needs to fill this out completely, then sign and date the form. The notary will then need to stamp and/or seal their signature as required by your state.

There are some states where the notary is prohibited from signing the form as it is written. In those cases, an 'All-purpose Acknowledgement' form will have to be filled out completely and sent along with the Part 1 and Part 2 forms. You must still fill out the Terms and Conditions section, as well as the Identification section. Any missing data will require a new form be completed and sent in for processing.
